

A plan for everyone

MercyCare offers a variety of plans for everyone—individual and family, senior supplement, and business plans, including health maintenance (HMO) and exclusive provider (EPO) plans. To find out which plan is right for you, visit MercyCareHealthPlans.com or call a sales representative at (800) 895-2421.

Why MercyCare Health Plans?

MercyCare has been providing dependable, affordable health care coverage since 1994. We coordinate all aspects of health care to give you the best health benefits possible at the lowest cost.

MercyCare's integration with Mercyhealth gives you access to Mercyhealth's five hospitals, over 80 primary and specialty care locations, and post-acute services (home health and hospice services, and medical equipment), pharmacies and retail services.

As a nationally recognized, vertically integrated health system, Mercyhealth's **over 675 primary and specialty care physicians and 8,000 employees** will do whatever it takes to keep you well.

MercyCare staff is certified in disease and case management to help patients manage chronic diseases such as asthma, and diabetes. In fact, MercyCare has received recognition for its diabetes case management program, receiving national recognition for working to improve individual health outcomes.
