The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, contact ETF at www.etf.wi.gov. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/glossary/essential-health-benefits/ or call 1-877-533-5020 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$** 1,500 Individual / $3,000 Family Combined medical and prescription drug deductible.	You must pay all the costs up to the deductible amount before the policy begins to pay for covered services you use, with the exception of federally required preventive services. The deductible starts over with each plan year beginning January 1st. For family coverage, the full family deductible must be met. See the chart starting on page 2 for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No	There are no other deductibles.
What is the out-of-pocket limit for this plan?	$2,500 Individual / $5,000 Family Combined medical and prescription drug out-of-pocket limit.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. The federal maximum out-of-pocket is $8,150 person/$16,300 family. This applies to all essential health benefits. See https://www.healthcare.gov/glossary/essential-healthbenefits/ for details.
What is not included in the out-of-pocket limit?	Coinsurance paid by adults for hearing aids, premiums and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.mercycarehealthplans.com or call 1-800-895-2421- Option 5 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No, you don't need a referral to see a specialist	You can see the specialist you choose without permission from the health plan. However, you should get a referral to an orthopedist or neurosurgeon for low back pain.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
